

United States Department of the Interior

BUREAU OF SAFETY AND ENVIRONMENTAL ENFORCEMENT

Gulf of Mexico OCS Region
1201 Elmwood Park Boulevard
New Orleans, LA 70123-2394

March 11, 2021

Mr. Brent Ozenne
Arena Offshore, LP
2103 Research Forest Drive, Suite 200
The Woodlands, Texas 77380

Dear Mr. Ozenne:

Reference is made to Arena Offshore, LP's (Arena) Right-of-way (ROW) modification application (TIMSWEB submittal ID: 203199728) received by the Bureau of Safety and Environmental Enforcement (BSEE) Pipeline Section on March 9, 2021, for Pipeline Segment Number (PSN) 13419 associated with ROW No. OCS-G 22483.

Specifically, Arena requests a temporary cessation of operations for PSN 13419 until March 25, 2022. PSN 13419 has been out-of-service since June 10, 2018. The temporary cessation of operations is being requested due evaluation of newly attained Lease OCS-G36745 in Eugene Island Area Block 227.

The table below describes the pipeline segment pertaining to the aforementioned application:

PSN	Size (NPS)	Length (feet)	Service	Origin	Termination
13419	6	18,468	Bulk Oil	Platform B Eugene Island Area Block 227	Platform B Eugene Island Area Block 217

Pursuant to 30 CFR 250.1000(b), Arena's application is hereby approved subject to the following conditions:

The annual rental required by 30 CFR 250.1012 shall continue to be due and payable in December of each calendar year.

If the associated pipeline has not been returned to service and is not being used for the purpose for which the pipeline ROW grant was made by March 25, 2022 the ROW grant shall be deemed expired in accordance with 30 CFR 250.1014. As a reminder per 30 CFR 250.1010(h) the ROW holder must remove all pipeline segments and accessories associated with ROW No. OCS-G 22483 within one year of the effective date of the relinquishment or forfeiture (i.e. expiration). Furthermore, a decommissioning application must be submitted to the BSEE Pipeline Section to decommission PSN 13419 within 30 days from the effective date of the relinquishment or forfeiture (i.e. expiration).

If at any time prior to March 25, 2022 it is determined that the use of PSN 13419 is to be permanently discontinued, an application to decommission the pipeline and relinquish the pipeline ROW shall be submitted to BSEE Pipeline Section.

Arena is hereby reminded of the following since PSN 13419 has been out of service since June 10, 2018:

1. Pursuant to 30 CFR 250.1006(b)(2), the subject pipeline segments must be flushed and filled with inhibited seawater.
2. Pursuant to 30 CFR 250.1003(b)(1), the subject pipeline segments must be hydrostatically tested for at least eight (8) hours at a stabilized pressure of a minimum of 1.25 times the Maximum Allowable Operating Pressure (MAOP) prior to return to service.

Sincerely,

BIMAL
